January 20, 2025

Our surveillance audit for 2024 is now complete.

Please note that FSC Canada has changed the format of reporting FSC certification audit details from a report base to an excel base format. This makes sharing the details of each reporting criterion and indicator extremely difficult in a clean publicly viewable format. If you are interested in reviewing the details of the Burns Lake Community Forest Certification Surveillance Audit for the year 2024, please contact BLCF at [info@blcomfor.com](mailto:info@blcomfor.com) subject line: {Audit Year} FSC Certification, and we will be more than happy to share the details. Alternatively, you can also search FSC Canada website: [FSC Public Certificate Search](#) | [FSC Connect](#) and enter the details from the picture below, giving you access to the same details. If you have any questions please feel free to contact us.
